SEO ALT: View HelixOnix portfolio of creative works and case studies

SERVICE CARD 1: VIDEO PRODUCTION

Element	Content
Title (H3)	CINEMATIC VIDEO PRODUCTION
Description	From high-converting SaaS explainers and cinematic brand commercials to dynamic motion graphics and documentary-style storytelling —our video production team crafts visuals that don’ t just get watched. They get remembered. Got a product launch in Tokyo? A brand film for London? A corporate video for New York? We deliver cinema-grade production for brands in USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, China, and beyond. Keywords: video production company, SaaS explainer video, brand commercials, motion graphics, corporate video production, cinematic storytelling, product launch video, brand film
Link Label	SEE VIDEO WORKS
SEO URL SLUG HINT	/works?filter=video-production

SERVICE CARD 2: BRANDING & DESIGN

Element	Content
Title (H3)	PREMIUM BRANDING & DESIGN
Description	Your brand is your final unfair advantage. We build brand identities that feel inevitable —from logo systems and visual language to complete brand guidelines that make every touchpoint unmistakably yours. Whether you’ re launching a fintech startup in Berlin or rebranding an e-commerce giant in Seoul, our senior designers craft identities built to last and designed to convert. Keywords: branding agency, brand identity design, logo design agency, visual identity system, brand guidelines, fintech branding, e-commerce rebrand, premium brand design
Link Label	SEE BRANDING WORKS

Table 8 – continued

Element	Content
SEO URL SLUG HINT	/works?filter=branding

SERVICE CARD 3: UI / UX DESIGN

Element	Content
Title (H3)	CONVERSION-FOCUSED UI/UX DESIGN
Description	User interfaces engineered for clarity, speed, and conversion —not just aesthetics. We design digital experiences that guide users naturally from first click to final action. From SaaS dashboards and mobile apps to high-converting landing pages, every pixel is placed with purpose. Because beautiful design that doesn' t convert is just expensive decoration. Keywords: UI/UX design agency, user interface design, SaaS dashboard design, mobile app UI/UX, landing page design, conversion-focused design, user experience agency, digital product design
Link Label	SEE UI/UX WORKS
SEO URL SLUG HINT	/works?filter=ui-ux

SERVICE CARD 4: WEB DEVELOPMENT

Element	Content
Title (H3)	PRODUCTION-GRADE WEB DEVELOPMENT
Description	Websites that load in milliseconds, animate like cinema, and convert like crazy. We build production-grade web experiences using cutting-edge frameworks —from React and Next.js immersive sites to conversion-optimized Webflow and WordPress platforms. Whether you need a portfolio site that wows investors in San Francisco or an e-commerce platform driving revenue in London, we ship code that performs. Keywords: web development agency, React development agency, Next.js website, Webflow developer, WordPress development, e-commerce website development, portfolio website design, production-grade web development

STATS STRIP (4 Numbers)

Stat	Number	Label	SEO Context
STAT 1	100+	Projects Delivered Globally	Social proof —builds trust for “experienced creative agency” searches
STAT 2	5	Creative Pillars	Indicates full-service capability — targets “full service agency”
STAT 3	<24h	Response Time	Reduces friction for high-intent buyers ready to contact
STAT 4	10+	Countries Served	Reinforces global reach: USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, China

ROADMAP — 6 CHAPTERS

CHAPTER 01 · ORIGIN

Element	Content
Chapter Number	01
Title (H3)	BORN TO FIGHT THE GENERIC.
Body	Tired of cheap-looking work sold at premium prices, a senior crew of directors, designers, and engineers in Bangladesh asked a dangerous question: “ <i>What if a creative agency from Dhaka could out-deliver agencies in New York, London, and Tokyo?</i> ”

That question became HelixOnix.

We exist for brands that refuse to be forgettable — brands that want to be *felt*, not just seen. While other agencies churn out templated work with junior teams, we hand-craft every pixel, every frame, and every line of code with senior-level obsession. From our first client in Bangladesh to brands across USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, and China — we’ve proven that world-class creative doesn’t need a Manhattan address. It needs maniacal standards. | | **Points** | • **Founder-led independent studio** — senior directors, designers, engineers, and AI specialists under one roof • **Built for challenger brands** — the ambitious underdogs ready to punch above their weight • **Zero junior handoffs** — the people you brief are the people who build • **Global from day one** — serving brands across 10+ countries with local cultural fluency | | **SEO Keywords** | creative agency Bangladesh, top

agency Dhaka, senior creative team, founder-led studio, world-class creative agency, challenger brands, premium creative studio, global creative agency from Bangladesh |

CHAPTER 02 · MISSION

Element	Content
Chapter Number	02
Title (H3)	PREMIUM CREATIVE, ENGINEERED WITH AI.
Body	At HelixOnix, cinematic taste meets intelligent systems. Every output —whether it’s a brand film, a website, a logo system, or an automation workflow —is designed to compound value over time, not just look pretty for a week.

We don’t believe in disposable creative. We believe in assets that work harder six months after launch than they did on day one. That’s the HelixOnix difference: **premium creative that pays for itself.** | | **Points** | • **Quality over quantity** — taste and craft are non-negotiable; we ship fewer projects, but every one is a portfolio piece • **Systems thinking in every deliverable** — everything we build connects to your larger business goals • **AI used to amplify quality, not cut corners** — automation handles repetition; humans handle taste • **Compounding value** — every project is built to generate returns long after delivery | | **SEO Keywords** | premium creative agency, AI-engineered creative, brand film production, compounding creative value, quality over quantity agency, intelligent creative systems, premium creative that converts |

CHAPTER 03 · HOW WE WORK

Element	Content
Chapter Number	03
Title (H3)	ONE STUDIO. FIVE Pillars. ZERO HANDOFFS.
Body	Most agencies ship a single service and call it a day. Your video agency doesn’t talk to your web agency. Your branding team doesn’t know your UI/UX team. The result? Diluted creative, missed connections, and a brand that feels like five different brands.

HelixOnix delivers the **full creative ecosystem** under one roof with a single unified creative direction. Your brand film, website, logo system, and AI workflows all speak the same visual language — because the same senior team touches every piece. | | **Points** | •  **Video Production** — cinematic storytelling by design; from SaaS explainers to brand documentaries •  **Branding & Design** — identity systems that feel inevitable and unmistakably yours •  **UI/UX Design** — clarity, speed, and conversion engineered

into every screen • 🖥️ **Web Development** — production-grade sites with cinematic interactions and flawless performance • 🤖 **AI Automation** — systems that scale your operations while you focus on creation | | **SEO Keywords** | full service creative agency, creative ecosystem agency, unified creative direction, video and web agency, branding and UI/UX together, one studio five pillars, zero handoff creative agency, complete brand system |

CHAPTER 04 · PHILOSOPHY

Element	Content
Chapter Number	04
Title (H3)	MAKE IT FEEL INEVITABLE.
Body	When a visitor lands on your brand, the last thought in their mind should <i>never</i> be “this looks cheap.” Premium is a perception built from a thousand small decisions —the kerning on your logo, the easing on your website animations, the pacing of your brand film, the microcopy in your app.

We obsess over each one, so you don’t have to.

Because in a world where every brand is competing for 3 seconds of attention, **good enough is the enemy of unforgettable.** | | **Points** | • **Pixel discipline** — every screen, every breakpoint, every device — perfected • **Motion as language** — not decoration; every animation earns its place and serves a purpose • **Copy that converts** — words are weapons; we wield them with surgical precision • **Deadline is sacred** — delivered on time, every time — no excuses, no surprises | | **SEO Keywords** | premium brand perception, pixel perfect design agency, motion design agency, conversion copywriting, deadline-driven creative agency, premium creative philosophy, unforgettable brand experiences |

CHAPTER 05 · THE DIFFERENCE

Element	Content
Chapter Number	05
Title (H3)	DIFFERENT BY DESIGN. NOT BY ACCIDENT.
Body	Others stop at content —we deliver complete brand systems. Others slow down at scale —we automate. Others guess what works —we measure, iterate, and optimize. This is the HelixOnix standard, and it’ s why brands across USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, and China choose us over agencies charging 3x the price.

We’re not the cheapest. We’re not trying to be. We’re the agency you call when “good enough” isn’t good enough anymore. | | **Points** | • **Complete brand systems** — not one-off deliverables; interconnected

creative ecosystems • **Premium *and* strategic** — beautiful work that actually drives business results • **AI-powered automation** — scale without the scaling pains; systems that work while you sleep • **Full creative ecosystem** — why hire five agencies when one senior team does it all? | | **SEO Keywords** | complete brand system agency, strategic creative agency, AI-powered agency, premium creative agency vs cheap, top creative agency USA UK Canada, hire best creative agency, agency for ambitious brands |

CHAPTER 06 ·THE TEAM

Element	Content
Chapter Number	06
Title (H3)	FOUNDERS & MAKERS. NO MIDDLEMEN.
Body	A lean, senior team —hand-picked for taste, craft, and cultural fluency. The people you brief in the discovery call are the people who design your brand, code your website, edit your film, and build your AI workflows. No account managers. No junior designers “learning on the job.” Just direct access to the best creative minds in the room.

We measure success in client retention, not pitches won. And we care about your brand as much as you do — because our best marketing is a client who can’t stop showing off their HelixOnix work. | | **Points** | • **Senior-only delivery** — every project touched by directors, not delegates • **Direct access to leads** — your Slack channel includes the people actually building your project • **Retention > Pitches** — we win when you come back, not when we win a room • **Brand ownership** — we treat your success as our success, because it is | | **SEO Keywords** | senior creative team, founder-led agency, direct access creative team, client retention agency, premium agency team, no junior designers, best creative minds, senior video director, senior web developer |

BONUS: FAQ SECTION (Recommended for SEO Rich Snippets)

Add to Home Page or Contact Page for Featured Snippet Opportunities

FAQ Schema Recommended Questions:

#	Question	Answer
1	What services does HelixOnix offer?	HelixOnix is a full-service creative agency offering cinematic video production, premium branding and identity design, UI/UX design, web development (React, Next.js, Webflow, WordPress), and AI-powered automation systems. We serve clients across USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, China, and Bangladesh.

Table 40 – continued

#	Question	Answer
2	How much does it cost to hire HelixOnix?	Our projects typically range from \$500 for starter packages to \$25,000+ for comprehensive brand systems. Every project is scoped individually based on complexity, timeline, and deliverables. Contact us for a free, no-obligation quote.
3	How fast can HelixOnix deliver a project?	Most projects kick off within 48 hours of approval. A typical brand identity takes 2-3 weeks, a website takes 3-6 weeks, and a video production project takes 2-4 weeks depending on complexity. Rush delivery is available.
4	Does HelixOnix work with international clients?	Absolutely. While we're based in Bangladesh, 80% of our clients are from USA, UK, Canada, Germany, Japan, Korea, Turkey, Spain, and China. We operate across all time zones and communicate via Slack, Zoom, WhatsApp, and email.
5	What makes HelixOnix different from other creative agencies?	Three things: (1) We're a senior-only team —no juniors on your project, (2) We deliver a full creative ecosystem under one roof — video, branding, web, UI/UX, and AI, and (3) We're AI-native —using intelligent systems to deliver faster, better, and more cost-effectively than traditional agencies.
6	How do I start a project with HelixOnix?	Simply click “Start a Project” or “Book a Strategy Call” on our website. Fill out the brief form or message us on WhatsApp. We'll respond within 24 hours with a custom proposal, timeline, and pricing.
7	Does HelixOnix offer white-label services for other agencies?	Yes. We partner with marketing agencies, web studios, and creative consultancies worldwide who resell our services under their own brand. Contact us to discuss partnership terms.
